#### **Process for identifying and evaluating director nominees for the Board.**

The current process for identifying and evaluating nominees for the Board is as follows:

1. The Nominating Committee may solicit recommendations from any or all of the following sources: non-management directors, the Chief Executive Officer, other executive officers, third-party search firms, or any other source it deems appropriate.
2. The Nominating Committee will review and evaluate the qualifications of each director candidate, and conduct inquiries as it deems appropriate.
3. The Nominating Committee will comply with and follow procedures set forth in the Company's By-Laws concerning the proposal and nomination of director candidates.
4. The Nominating Committee will evaluate proposed director candidates who have been recommended by securityholders of the Company in compliance with the policies and procedures established by the Nominating Committee in the same manner as all other proposed director candidates being considered by the Nominating Committee, with no regard to the source of the initial recommendation of such proposed director candidate.
5. In identifying and evaluating proposed director candidates, the Nominating Committee may consider, in addition to the minimum qualifications and other criteria for Board membership approved by the Nominating Committee from time to time, all facts and circumstances that it deems appropriate or advisable, including, among other things, the skills of the proposed director candidate, his or her depth and breadth of business experience or other background characteristics, his or her independence and the needs of the Board. Based on these considerations, the Nominating Committee will recommend to the Board the nomination of the director candidates who it believes will, together with the existing Board members and other nominees, best serve the interests of the Company and its stockholders.

### **Nominating Committee-recommended nominee criteria.**

The Nominating Committee believes that it is in the best interests of the Company and its stockholders to obtain highly qualified individuals to serve on the Board. In addition to the minimum qualifications for each nominee set forth above, the Nominating Committee will recommend that the Board select persons for nomination to help ensure that:

- The Board will be comprised of a majority of “independent directors” in accordance with the standards established pursuant to Listing Rule 5605(a)(2) of the NASDAQ Stock Market.
- Each of the Audit, Compensation and Nominating Committees shall be comprised entirely of independent directors.
- Each member of the Audit Committee is able to read and understand fundamental financial statements, including a company’s balance sheet, income statement, and cash flow statement.
- At least one member of the Audit Committee shall have such experience, education and other qualifications necessary to qualify as an “audit committee financial expert” as defined by the rules of the Securities and Exchange Commission.

Finally, in addition to any other standards the Nominating Committee may deem appropriate from time to time for the overall structure and composition of the Board, the Nominating Committee, when recommending that the Board select persons for nomination, may consider whether the nominee has direct experience in the industry or in the markets in which the Company operates.
